

## Customer Feeds

This is the Feed List Screen: Create and amend unlimited customer feeds. In this example we have created a customer called Googlebase.

Find: Customer Specific Feed

Active Customer Feeds

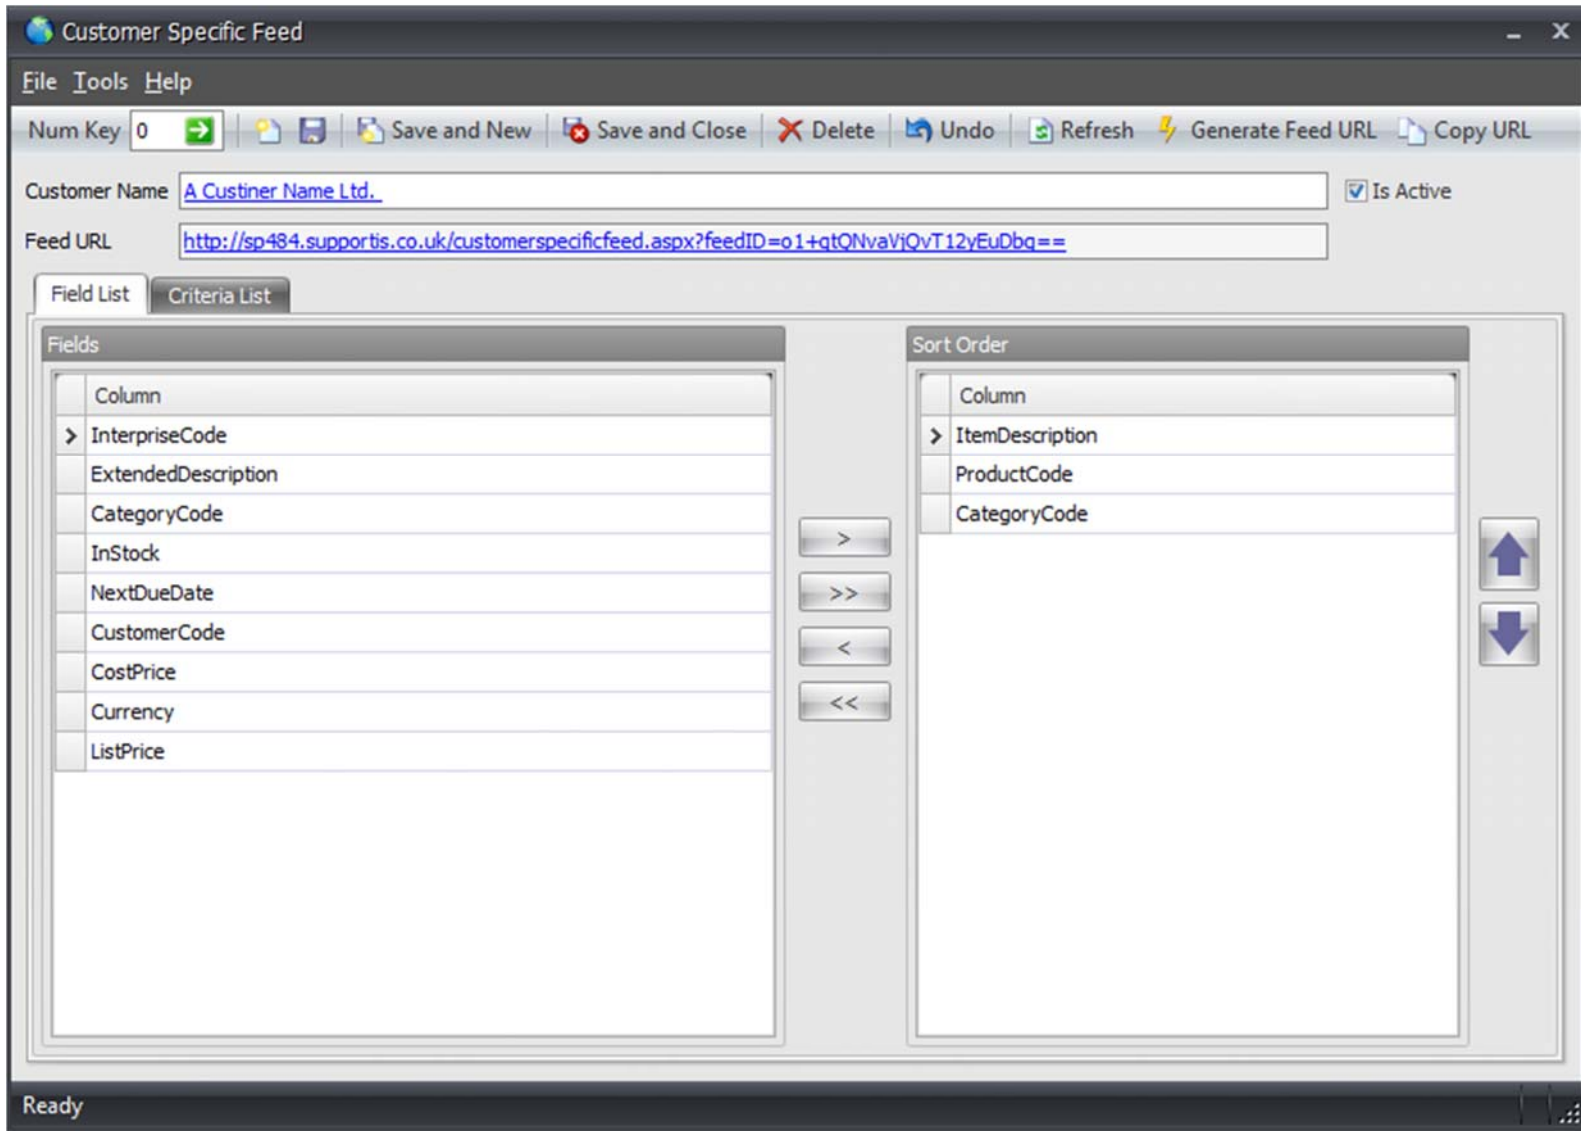

CustomerName	Feed List	Feed URL	Is Active
A Customer Ltd 2	InterpriseCode, ItemDescription, CategoryCode, NextDueDate, CostPrice, ListPrice, Currency, CustomerCode, InStock, ExtendedDes...	http://localhost/customerspecificfeed.aspx?feedID=23dH01ZzgFpkE5g/s2z3Q==	<input type="checkbox"/>
A Toy Customer	InterpriseCode, ProductCode, ItemDescription, ExtendedDescription, CategoryCode, InStock	http://localhost/customerspecificfeed.aspx?feedID=HGDFzN/cDz479QCNvDQ==	<input type="checkbox"/>
Google Base	InterpriseCode, ProductCode, ItemDescription, ExtendedDescription, CategoryCode, InStock, NextDueDate, CustomerCode	http://localhost/customerspecificfeed.aspx?feedID=v81Xd0ZeJasQuwY3XQoEw==	<input type="checkbox"/>

The Feed url is copied to the customer or to Googlebase to get the information. All the above are feeds we have created. This form below allows you to decide what fields actually will go into the feed: We can add in other custom fields easily.

The screenshot shows a software window titled "Customer Specific Feed". At the top, there is a menu bar with "File", "Tools", and "Help". Below the menu bar is a toolbar with icons for "Num Key 0", "Save and New", "Save and Close", "Delete", "Undo", "Refresh", "Generate Feed URL", and "Copy URL".

The main area contains two input fields: "Customer Name" with the value "A Custiner Name Ltd." and a checked "Is Active" checkbox, and "Feed URL" with the value "http://sp484.supportis.co.uk/customerspecificfeed.aspx?feedID=o1+qtQNvaViQvT12yEuDbq==".

Below the input fields are two tabs: "Field List" (selected) and "Criteria List".

The "Field List" tab contains a list of fields:

Column
> InterpriseCode
ExtendedDescription
CategoryCode
InStock
NextDueDate
CustomerCode
CostPrice
Currency
ListPrice

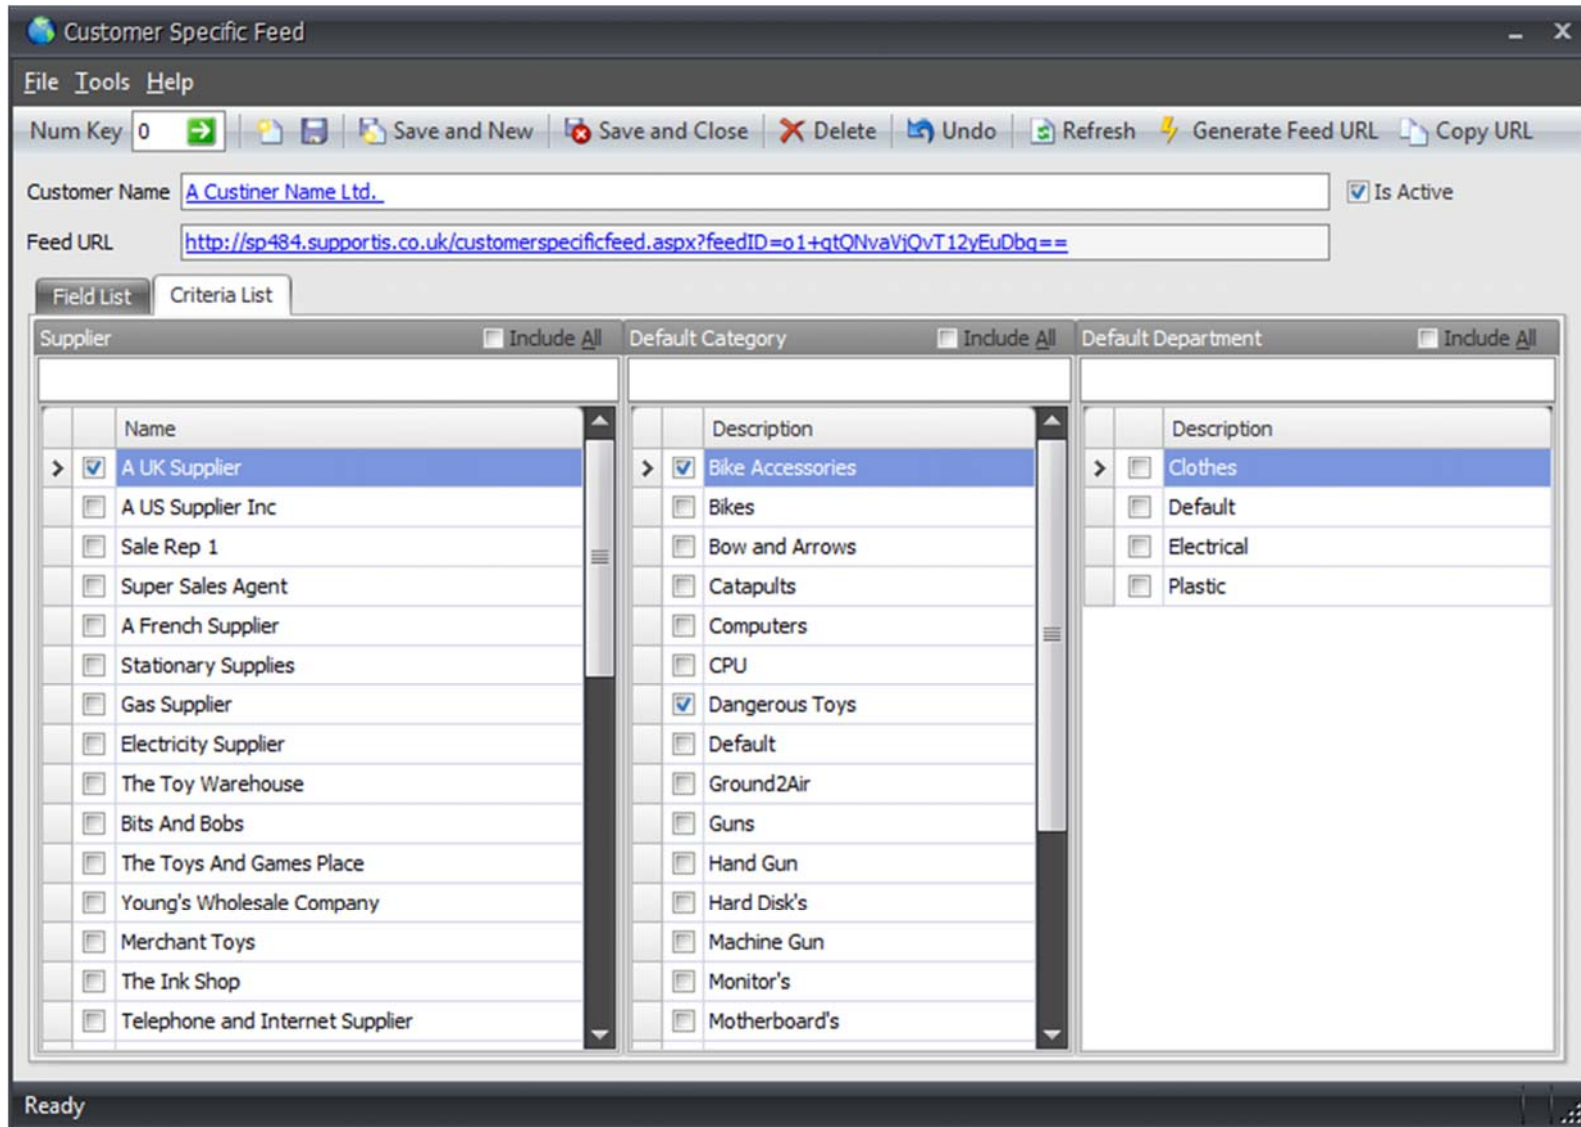

The "Sort Order" tab contains a list of fields:

Column
> ItemDescription
ProductCode
CategoryCode

Navigation buttons are located between the two lists: ">", ">>", "<", and "<<" between the lists, and up/down arrow buttons on the right side of the "Sort Order" list.

The status bar at the bottom left shows "Ready".

This form allows you, for each feed, to reduce the items down by category, department and main supplier. Otherwise they would get all items in the feed.

The screenshot shows the 'Customer Specific Feed' application window. The interface includes a menu bar (File, Tools, Help), a toolbar with buttons for Num Key (0), Save and New, Save and Close, Delete, Undo, Refresh, Generate Feed URL, and Copy URL. Below the toolbar, there are input fields for 'Customer Name' (A Custiner Name Ltd.) and 'Feed URL' (http://sp484.supportis.co.uk/customerspecificfeed.aspx?feedID=o1+qtONvaVjQvT12yEuDbq==), along with an 'Is Active' checkbox.

The main area is divided into three panels, each with an 'Include All' checkbox:

- Supplier:** A list of suppliers with checkboxes. 'A UK Supplier' is selected.
- Default Category:** A list of categories with checkboxes. 'Bike Accessories' and 'Dangerous Toys' are selected.
- Default Department:** A list of departments with checkboxes. 'Clothes' is selected.

The status bar at the bottom left shows 'Ready'.
